ABOUT ME

Junior Programmer and Web Developer with a strong foundation in data analysis, digital communication, and translation. I bring a multicultural profile and international work experience across Europe, China, and Latin America, with proven strengths in cross-cultural collaboration and strategic communication. My background includes applied research, online content production, and academic lecturing in digital media. Currently completing a Web Application Development (DAW) program at UNIR (Universidad Internacional de La Rioja), I focus on combining programming, database management, and analytical skills to create integrated, data-driven digital solutions.

WORK EXPERIENCE

CO-FOUNDER & ADMINISTRATION COORDINATOR
